## EDUCATION

**Huazhong University of Science and Technology**  
Department of Finance, School of Economics  
Ranking: 2/68

*Sept. 2014 - Present*  
Senior Undergraduate  
Overall GPA: 89.89/100

## CORE COURSES

Mathematical Analysis (99)  
Microeconomics(90)  
Econometrics (98)  
International Trade(97)  
Portfolio Investment(90)

Corporation Finance(92)  
Macroeconomics(97)  
Money and Banking(98)  
International Finance(100)  
International Settlement(100)

## AWARDS

National Scholarship  
National Scholarship of Encouragement  
Outstanding Undergraduates in Terms of Academic Performance  
Excellent Students Scholarship  
Outstand Individual in Science and Technology Innovation  
Academic Excellence Scholarship  
McFadden & Lin Shaogong Scholarship  
Financial Elite Scholarship

National Awards  
National Awards  
Top 1% in HUST  
Top 5% in HUST  
Top 5% in HUST  
Top 10% in HUST  
Top 1% in Economic School  
Top 7% in Economic School

## ACADEMIC EXPERIENCE

***Does Economic Policy Uncertainty Affect Bank Credit Lines?***  
*Working Paper*

Feb.2017-Sept.2017  
*Mentor: Dongmin Kong*

- Collected the information of corporation finance and built fixed-effect models of unbalanced panel data
- Analyzed the influence of economic policy uncertainty on credit lines that enterprises can obtain from bank from the perspective of ownership nature, and researched the possible path to this effect

**The Evolution of Consumption Structure of Landless Peasants**  
*Undergraduate Innovative Training Program(Number:16A229)*

Mar. 2016- Apr. 2017  
*Mentor: Yang Shu*

- Led a team of five people and collected questionnaire data through field research
- Used OLS estimation method to explore the evolution of landless farmers expenditure with the time of losing land, including basic necessities of life and favor gifts
- The research results were published in *China Journal of Commerce*

## CONTEST EXPERIENCE

**Interdisciplinary Contest In Modeling**  
*Honorable Mention(30%)*

Jan. 2017 - Feb. 2017

- Combined the speed model in Physics and evaluated the degree of smart growth through AHP(Analytic Hierarchy Process)
- Built the multi-layer model and designed the possible path to smart growth in developing areas

**Contemporary Undergraduate Mathematical Contest in Modeling** Jul. 2016 - Sept. 2016  
*First Prize(1%)*

- Built partial equilibrium and general equilibrium models of mooring system
- Solved the model by dichotomy program and improved search algorithm for optimal system design

## SOCIAL PRACTICE EXPERIENCE

---

**Enterprise Survey for Innovation and Entrepreneurship in China** Jul. 2017 -Aug. 2017  
*Institute of Social Science Survey* *Interviewer*

- Surveyed three counties in Henan Province and completed 46 entrepreneur samples of small and medium enterprises
- Researched development of SMEs in terms of financing, environmental protection policy and industry feature.

**Volunteer Summer Social Practice** Jul. 2016 - Aug. 2016  
*RUYI Scholarship* *Team Leader*

- Surveyed three countryside in Henan and Hubei Province, and established a social practice base with *Wenxin Tea Limited Liability Company*
- Investigation report *Tea Industry Organizational Structure under the New Normal* was honored with RUYI social practice second prize
- Reported by influential medias such as *College Student News* and *News Hustonlines Net*

## STUDENT AFFAIRS EXPERIENCE

---

Correspondent	<i>The 16th Annual Economic Conference</i>	Dec. 2016
Innovation Laboratory	<i>Survey Center in HUST</i>	Oct. 2015 - Oct. 2016
Minister of Department	<i>Party Discipline in Economic School</i>	Sept. 2015 - Jun. 2016
League Secretary	<i>The Sixth HUJIWEI Class</i>	Mar. 2015 - Sept. 2015

## TECHNICAL STRENGTHS

---

<b>Computer Languages</b>	C/C++, MATLAB
<b>Software &amp; Tools</b>	Stata, LaTeX, Excel

## SPORTS INTEREST

---

Basketball
